8 hours of great music by 10 leading composers

Someone once calculated that it would take a professional music copyist an entire lifetime just to copy out all of JS Bach's 1000+ works. Bach seems to have managed this as well as actually creating the music – not to mention his duties as Kapellmeister and school teacher !

It isn't easy to select just a limited number of works by JS Bach, and almost one third of this compilation of the Baroque Period is drawn from his oeuvre. In total there are 118 tracks in this collection, together almost 8 hours of great music from the Baroque Period.

imagineear has worked with musicologists and experts from the renowned music publisher Classical.com to bring you works of 10 of the leading composers from the Baroque period: Johann Sebastian Bach, Albinoni, Scarlatti, Handel, Purcell, Telemann, Vivaldi, Pachelbel, Corelli and Pergolesi. Orchestral works, solo concertos, chamber music, piano solos and a sprinkling of arias provide a thorough tour d'horizon of the music composed in this period. The selection will appeal both to classical music lovers and to listeners who are just starting to discover the defining musical masterworks of this period.
